

SIDE A

Justice of the Peace Traffic Fatalities Inquest Card

Alcohol and drug impaired motor vehicle crash fatalities continue year after year in Texas. As part of your authority, Justice of the Peace (JP) determine if alcohol and/or drugs contribute to these crashes. As coroners, JPs play a crucial role by reporting toxicology results of drivers involved in impaired driving crashes. Regions in the state where impaired driving is negatively affecting the community are defined by blood alcohol (BAC) and drug concentrations toxicology results. The Texas Department of Transportation needs your jurisdiction's Death/Toxicology information in alcohol and drug driving motor vehicle crash fatalities. Your reporting helps the state make informed decisions on impaired driving behavior modifications and traffic safety improvements. Reporting toxicology is the first and most important step you can take. Do your part by following these simple steps.

SIDE B

How to fill out TxDOT's CR-1001 Death/Toxicology Form

If you're filling out the CR-1001 Initial Report

- Check the appropriate box – **Initial Report**
- Fill out the information in the greyed-out area
- If toxicological test results are not available at the time of reporting and the supplemental report will be filled later, check the box
- Email completed form to: TRF_FatalityData@txdot.gov

Crash Data and Analysis Section, Fatality Analysis Reporting System
DEATH / TOXICOLOGY REPORT
(Medical Examiner / Justice of the Peace)

Indicate whether this is... an Initial Report or... a Supplemental Report

Reporting Agency: _____

b Name of Person Submitting Report: _____

DEATH DATA

Underlying Cause: An underlying cause of death was due to (or was a likely consequence of):
 Motor Vehicle Crash Bridge Collapse

Deceased Role: Driver Passenger Pedestrian Pedalcyclist

Name of Deceased: Last: _____
First: _____
Middle: _____

Date of Death: _____
Date of Crash: _____

County Name: _____ City Name (if known): _____
(where crash occurred) (where crash occurred)

Crash/Bridge Location: _____
(street/hwy or lat-long)

TOXICOLOGY DATA

Test Type	Alcohol Results (%)	Drugs Found (List name of drug)
Whole Blood:	SEE ATTACHED RESULTS	SEE ATTACHED RESULTS
Urine:		
Vitreous:		
Other Test Type:		
Not Tested:	<input type="checkbox"/>	<input type="checkbox"/>

Check if toxicological test results are not available at this time and supplemental report will be filed later.

Name of laboratory, medical examiner's office, or other facility that conducted toxicology testing: _____

Mail to: Texas Department of Transportation — or — Email to: TRF_FatalityData@txdot.gov
Traffic Operations Division - Crash Data and Analysis Section
PO Box 146349
Austin, TX 78714
